## THE MERCHANTS BANK OF CANADA.

As will be seen by an announcement in another column, this bank has opened a branch here. The bank has a large connection and is one of the strongest financial institutions of Canada. It has worked its way up to its present position by shrewd and careful management, and its opening here is a gratifying evidence of faith in the future of our town.

We believe that with the steady development in the district and the growing importance of the town the bank will be able to build up a large and profitable business, and we wish the new enterprise every success.

The branch here will be under the management of Mr. J. S. Willmott, late of the bank's Winnipeg branch.

## THE ONTARIO ELECTIONS.

It seems impossible to procure the exact results of the Ontario elections, but as near as can be gathered the two parties are almost even. The Winnipeg Nor-Wester (conservative) says the conservatives have gained 27 seats and retained 19 which they formerly held; that the liberals have gained 12 seats and retained 34 which they formerly held, and that the patrons have gained none and retained only one.

The seats gained by the conservatives are as follows:—

Algoma, E.; Dufferin; Frontenac; Grey, C.; Grey, S.; Grey, N.; Hamilton, E.; Hamilton, W.; Hastings, W.; Hastings, N.; Huron, S.; Huron, W.; Middlesex, E.; Nipissing; Ontario, N.; Ontario, S.; Ottawa (one seat); Perth, S.; Prince Edward; Renfrew, N.; Simcoe, W.; Simcoe, C.; Stormont; Victoria, W.; Waterloo, S.; Waterloo, W.; Wentworth, N.

The seats gained by the liberals are as follows:—

Bruce, N.; Bruce, C.; Halton; Hastings, E.; Lambton, E.; Lambton, W.; Lanark, N.; Lennox; Muskoka; Northumberland, E.; Perth, N.; York, W.

The seats retained by the conservatives are:—

Addington; Cardwell; Carleton; Dundas; Durham, E.; Durham, W.; Elgin, E.; Glengarry; Grenville; Lanark, S.; Leeds; Lincoln; Parry Sound; Simcoe, E.; Toronto, E.; Toronto, W.; Toronto, N.; Toronto, S.; Victoria, E.

The seats retained by the liberals are:—

Algoma, W.; Brant, N.; Brant, S.; Brockville; Bruce, S.; Elgin, W.; Essex, N.; Essex, S.; Haldimand; Huron, E.; Kent, W.; Kingston; London; Middlesex, N.; Middlesex, W.; Monck; Norfolk, S.; Norfolk, N.; Northumberland, W.; Ottawa (one seat); Oxford, N.; Oxford, S.; Peel; Peterborough, E.; Peterborough, W.; Prescott; Renfrew, S.; Welland; Wellington, E.; Wellington, S.; Wentworth, S.; York, E.; York, N.

The seat retained by the patrons is Wellington, W.

The names of the successful candidates, the party which they represented and the constituency in which they were elected, are given hereunder in the alphabetical order of the constituencies:

The defeat of Hon. W. Gibson, provincial secretary; Hon. John Dryden, minister of agriculture; and J. L. Haycock, patron leader, were features of the conflict. The Mail-Enterprise claims, forty-seven conservatives and 45 liberals, and the Globe claims 47 liberals to 44 conservatives. The Toronto telegram (Ind.) estimates the results as follows: Conservatives 45; liberals, 47; patrons, 1. The Mail-Enterprise estimates 48 conservatives and 45 liberals. The Globe estimates 47 liberals and 43 conservatives with two places to hear from. The election in Russell occurs later.

## CANADA IN ENGLAND.

EDITOR BULLETIN.

DEAR SIR: Having just returned from England it may be of interest to your readers to know that there will undoubtedly be the greatest rush to northwestern Canada this season that history has ever recorded in any country in the world. All England is ringing with Yukon and Klondike reports and many large parties are being organized to start from England and Scotland in March and April. During the whole of the time I was in England I never met a single person who knew anything at all about the Edmonton route, nor did I see a line advocating it in anyway; while in London and all the large cities "Klondike via Seattle" was advertised most persistently, and I met several persons who actually argued that it was the only reliable route. Vancouver is also extensively advertising as the best route to the Yukon and Klondike and is sure to monopolize the lion's share of the traffic and outfitting business, strongly supported as it is by the C. P. R. Very much interest is taken by the English people in Canada, and to be a Canadian is to be sure of a hearty welcome everywhere, but unfortunately our government agents are very far from being practical men, they may be excellent officers, but so far as being able to give good practical advice and information as to the resources and climate of Western Canada, only met one man who knew anything of these subjects at all from actual experience and the farmer, as a rule, asks many very pertinent questions which all the other agents I met were unable to answer from personal knowledge, as I found by a few moments conversation with them. It is a most deplorable fact that now that Canada is absorbing so much attention in Great Britain, we have not a few men of practical experience who have lived in the Northwest as farmers to stimulate and encourage the immigration of the tenant farmers of the British Isles, so many of whom are finding it very hard to make ends meet at home. It is quite evident that the Edmonton route to the Klondike finds no favor at Ottawa. In an interview I had there with one of the leading men in a very prominent department of the public service, when I ventured to advocate our route, my remarks met with ridicule, and the very idea of Edmonton being a competitor for the Klondike traffic was scouted as preposterous. While in England I was engaged in writing up Canada for the West of England press and was enabled to direct public attention to Edmonton, and as I am still corresponding with English papers for publication I hope to do something in the way of advertising our route, but I must say that Edmonton is losing a vast amount of business by neglecting to advertise in the British press, for it is a self-evident fact that if anything is done to boom our route

it must be done quickly and by our own people.

I am sir  
Yours obediently,  
T. G. PEARCE.

The matter of holding the annual general meeting came up and Thursday, the 17th inst., was the day set for the holding of the meeting.

President Cowie was appointed to prepare the annual report for the past year, with the assistance of secretary Gairdner.

A committee composed of Messrs. Cowie, Picard, Ross, Walker, Blower and Bellamy was appointed to canvass for new members and collect dues.

Messrs. Ross, Gallagher and Bellamy were appointed a committee to prepare a petition re mail service.

## THE HELPMAN PARTY.

Major Helpman left Edmonton on Wednesday afternoon to overtake and join the last detachment of the party, which started last Thursday and is now on its way to Lesser Slave lake. The advance party, under the charge of Dr. Simpson, when last heard of was at Muskeg Creek, all well. The expedition consists of ten members, shareholders in the company, and 10 hired men engaged eleven months under an agreement. The whole expedition has been entirely re-organized and is now under the direction of the expeditionary directors, who are Major Helpman, Lieut.-Col. Quesne and Capt. John Hall, the latter gentleman, for the purpose of discipline, being appointed managing director, and as such has charge of the commissariat and the general order of the camp. Mr. Gilmer, of this town, has also joined the expedition and his services as a prospector will be of great assistance. The expedition is well equipped with all the necessary mining implements, rock drills and earth borer. The destination of the expedition will be the Pelly river and Francis lake, but every opportunity will be taken of prospecting as the party advances. The present intention is to proceed through the mountains at the Halfway river pass over the route taken by Insp. Moodie and so join the Liard west of the rapids. A large quantity of fodder is taken with the party and a quantity has been sent on ahead and cached at various points.

The following are the names of the party: Major Helpman, Col. Le Quesne, Vicount Avonmore, Capt. Hall, Mr. Simpson, Mr. Bannister, Mr. Jefferys, Dr. Hallwright, Dr. Hoops, M. E. O'Brien, Geo. Gilmer. The employees are Oliver, Travers, D. Travers, Probyn, Cotterell, Alex. McDonald, Gernon, Milburn and Sam Cunningham, guide.

## TRAIL OF DEATH.

The following letter was received at Vancouver from one of Mackenzie & Mann's staff, dated Wrangell, Feb. 23: The steamer Joan, with the first outfit of the Mackenzie & Mann party, 80 men and 36 horses, reached Wrangell on the 22nd. At Dixon's entrance the Joan narrowly escaped destruction in a fog and furious storm. She ran ashore and but for the magnificent seamanship of Captain Lecko, another wreck with all hands lost would have been chronicled. All the other steamers will be delayed three days, as they dared not face the terrible storm.

Wrangell is crowded beyond my power to describe. Everything is wide open—roulette, black jack, faro, three card monte, any old fake game—are running full blast. Lumber is extremely scarce. It has all been bought up at a fabulous price, but there is not enough. People are sleeping on verandahs in the Catholic mission house and on boards in the open. Wherever there is a sheltered spot they are packed together like sardines in a can. Pork and beans and a six by three board coat a dollar and a half a day. Many sleep in the snow, and cerebro spinal meningitis is carrying off numbers. Miners call it "come and get us." Heaven only knows where the next rush of people are going to put up.

No one is going over the trail. It took four men and 10 dogs 15 days to make 15 miles. The road is clear for 15 miles, but then the cold wind cannot be faced by men or beast. The snow is 15 feet deep on the ice. By this means 1,000 miners are blocked at Siskine river. People coming in from Skagway and Dyea declare that death is king and chaos reigns.

Death camps on the trails and in the town of Skagway. The death rate, chiefly from spinal meningitis, is 10 per day. On the trails many deaths are occurring, but the names of and the number of victims will not be known for a long time to come.

## ANGUS RIDGE.

A large number were present at Mr. and Mrs. Richardson's party on Friday evening last. All enjoyed themselves. The attendance of the Battle River school for February was 19.

The roads have been drifted a good deal here for the last few days, but there will be excellent roads for travelling shortly. Mr. Will. Waterston and Miss Waterston returned from visiting friends in Edmonton last week. Mr. Bob Waterston's genial

face is in our midst once more. The boys are pleased to know he intends to remain on the farm. The Sunday school concert will not be held this winter. A picnic in the summer is on the programme now.

## NOTICE!

## GRAIN GROWING IN THE NORTH.

Professor Saunders, director of the experimental farms, Ottawa, has issued the following report showing the possibilities of the north as an agricultural district:

On the proposed route from Edmonton there are several points where good samples of grain have been produced. In the spring of 1882, I forwarded samples of seed of early ripening varieties of wheat, barley, oats and rye for test, to a number of the Hudson's Bay Co. agents at different points in the Northwest country. Through the kind instructions given by the Hudson Bay commissioner, C. C. Chipman, Esq., these were forwarded to their destination with the Hudson's Bay Co.'s supplies. The following samples were received by me in 1893, with particulars as to their growth:

From Dunvegan, lat. 56°, about 414 miles north of Winnipeg.

Rennie's improved six-rowed barley.—One pound sown May 7th; harvested Aug. 4th. Yield, 16 lbs. Weight per bushel, 52 lbs. Sample fairly plump.

Prize Cluster oats.—One pound sown May 7th; harvested Aug. 11th. Yield, 13½ lbs. Weight per bushel, 40½ lbs. Sample bright in color and plump.

Bonanza oats.—One pound sown May 7th; harvested Aug. 11th. Yield, 14 lbs. Weight per bushel, 42½ lbs. Sample bright and plump.

Spring rye.—One pound sown May 7th; harvested Aug. 21st. Yield, 21 lbs. Weight per bushel, 56 lbs. samples fairly plump.

The following season I received from Dunvegan on extra good sample of Ladoga wheat, which was bright and plump, and weighed 64 lbs. per bushel. I also received a fine sample of two-rowed barley, which was bright, very plump, and well matured.

From Fort Vermillion, further down the Peace river, lat. 58° 34', 581 miles north of Winnipeg.

Ladoga wheat.—A very fair sample weight, 60 lbs. per bushel. Yield 12 lbs. from one pound of seed. This sample of grain was slightly frosted. The officer in charge reported that the Red Fife wheat sent did not mature at all.

Prize Cluster oats.—Yield, 7 lbs. from one pound of seed. Grain bright and plump. Weight per bushel 41½ lbs.

Rennie's improved six-rowed barley.—Yield, 16 lbs. from one pound of seed. Grain fairly plump: medium in color. Weight per bushel, 51½ lbs.

Spring rye.—Yield 18 lbs. from one pound of seed. Grain fairly plump. Weight per bushel, 57½ lbs.

These several varieties of grain were said to have been sown on the 14th

of May and harvested on the 23rd of August.

From Fort Providence, in the Mackenzie river district, lat. 60° 17', about 710 miles north of Winnipeg, the following were received:—

Bonanza Oats.—Sown June 1st; harvested Sept. 17th. Yield, 3 lbs. from one pound of seed. Sample bright and plump; but too small to ascertain weight per bushel.

Spring rye.—Sown June 1st; harvested Sept. 19th. Yield 4 lbs. from one pound of seed. Sample too small to ascertain weight per bushel. Grain rather small, but fairly plump.

From Fort Simpson, on the Mackenzie river, lat. 61° 52', about 818 miles north of Winnipeg.

Ladoga wheat.—Received in 1893. This was sown June 7th and harvested Sept. 22nd. Yield, 12 lbs. from one pound of seed. Weight per bushel, 62½ lbs. The sample was plump and a small percentage of the grain was frosted. These are the farthest points north in the Northwest Territories from which I have received samples of cereals.

## BOWDEN.

The Berrydale school is to be reopened about the first of April. We expect that Bowden school will be reopened about the same time.

Two balls have been held in the Eagle Creek school house this winter. The first was very successful, but the last was only partially successful owing to bad weather. C. P. Anderson went north this week to Edmonton to attend the presbytery meeting.

We have had a couple of weeks of very rough weather, but it is pleasant again.

Mrs. Jas. Ross has returned from Calgary where she has been under medical treatment for some time. She returns in much better health than when she went away.

Mr. West is building a very substantial log house for himself. Mr. Reid, of Berrydale is engaged in the work.

## THE LIEUTENANT-GOVERNOR-SHIP.

### EDITOR BULLETIN.

It would seem that a lieutenant-governor for the Territories is hard to obtain. Why not appoint a resident of the Northwest, whose experience would be a guarantee of his fitness? The name of A. E. Forget, the present Indian commissioner, has been mentioned for the position. That appointment would undoubtedly appeal to a large constituency, but—apart from the fitness of Mr. Forget—its strongest reason would be the recognition of the claim of the west to fill the honor. Surely the principle should be recognized that those who took part in making the country, upbuilding its institutions and assisting in placing it upon terms of equality with the older provinces, should find their reward in the arena in which they strove. Surely the experience gained in long and eventful years of pioneering will be of service, and nowhere more than in assisting to conserve the interests it helped to build. Let the claims of Mr. Forget be considered in the light of these principles.

ALBERTAN.

### DAIRY COWS.

#### EDITOR BULLETIN.

DEAR SIR: In your issue of the 28th February, Mr. G. R. Taylor, of the Edmonton creamery, has a very interesting article on the breeding of dairy cows, and undoubtedly his suggestion ought to have the best attention from intending patrons of the creamery.

Now might I suggest that the Dominion government ship in a few car loads of good dairy cows and a few bulls, distributing them among the patrons and taking a lien on the cattle for two years, and that the government retain, each year, a percentage of the amount of milk supplied by the patrons who get the cows.

If there is not something done in this way, or on similar lines, I fear it will be a long time before we have a good herd of dairy cows in the Edmonton district, for the simple reason that there are very few farmers in a position to ship in cattle, and even if they had the means, a great many do not know where to find the best breeds. As you know a very large portion of the farming population are from foreign countries.

I might be allowed to tell Mr. Taylor that there is another factor which will influence the success of a creamery as much as a good herd of dairy cattle, and that is prompt payment of the amounts coming to each patron. The creamery has not been operated, I think, for four months, and last season's make of butter has not been fully paid up yet, at least we have never got any statement to that effect. We have been paid 10 cents per lb. on the season's make at the end of each month, with the expectation of a final settlement at the close of the season. Now there is a good deal of grumbling among the patrons on account of this, and I think, reasonably so. The talk of

quite a few being "well if I can only get 10 cents for my butter I'll send no more to the creamery."

Yours, &c.,

JAMES MCDIARMID,

Poplar Lake, 3rd March, 1898.
